## HOW TO EARN

At any level in Ultra®, Distributors are able to purchase products at the wholesale price for personal use. As a Distributor, you are also able to resell Ultra® products and earn a retail profit.

Earn the difference of retail price and wholesale price on the sale of a product to Retail Customers. You can earn between 20% and 40% retail profit on each sale.

## EXAMPLE:

You enroll a Retail Customer who purchases an Ultra® Detox Kit for \$105. The wholesale price for an Ultra® Detox is \$85, so you earn the difference of \$105 - \$85, you earn a \$20.00 retail profit!

### BONUS FOCUS

A bonus earned when a customer or team member you personally referred to Ultra® places a product order for the first time.

### BONUS PAYOUT

Weekly

### HOW TO EARN

As an active Distributor with a Basic Qualified Status in Ultra®, help your personally sponsored Preferred Customers, Retail Customers and Team Members place their orders.

When your personally sponsored customers and team members order products for the first time, you will earn a 50% Frontline Order Bonus (FOB) on the Sponsor Volume of the order. Sponsor Volume is half of the order's QV.

**Note:** Another way to calculate this bonus is by simply taking the order's QV total, and using 25% as the FOB value.

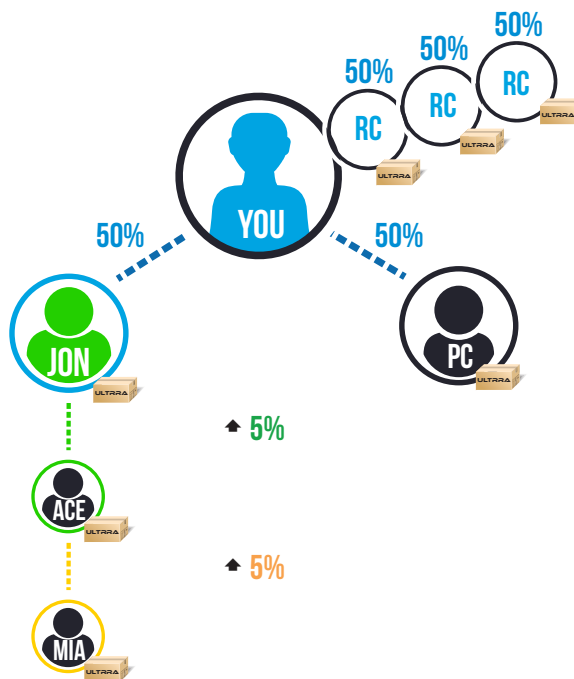

### ADDITIONAL FOBs

When your personally sponsored team members refer their own customers and members, you will earn an additional 5% FOB on the Sponsor Volume from the orders they place as well.

**Note:** Enrolling a Preferred Customer will not generate any Retail Profits. Instead, you will earn a Preferred Customer Acquisition Bonus of \$15 for every Preferred Customer you sponsor in addition to the FOB from their order.

### EXAMPLE:

You sponsor John. John places an order with a Qualifying Volume of 200 points. The Sponsor Volume (SV) of the order is 100 points. You will earn a \$50 bonus from the products which John purchased.

### EXAMPLE: ADDITIONAL FOBs

When Jon sponsors someone (Ace), who places an order, he earns a 50% FOB, while you earn a 5% FOB on Ace's order.

When Ace sponsors Mia, and she places an order Ace will earn a 50% FOB, Jon will earn a 5% FOB, and you will earn a 5% FOB. These FOB's are calculated using the Sponsor Volume values of an order.

\*QV: Qualifying Volume | SV: Sponsor Volume

\*\* All products have a QV value. The QV of an order is divided in half into Sponsor Volume and Bingo Volume on all initial orders. The Sponsor Volume is used to calculate the Frontline Order Bonus.

**BONUS FOCUS**

Earn long term residual income by building two teams.

**BONUS PAYOUT**

Weekly

**HOW TO EARN**

As an active Distributor with a Basic or higher Qualified Status in Ultra®, you are able to build and earn overrides on two teams. To activate your Bingo Bonus, you must enroll one member on the left and one member on the right with at least 100 QV each.

Bingo Volume (BV) is generated as Ultra® products and product packages are ordered and sold by those in your team and their customers.

Every time your teams accumulate 200 BV on the left, and 200 BV on the right, you earn a team commission, also called a Bingo Bonus.

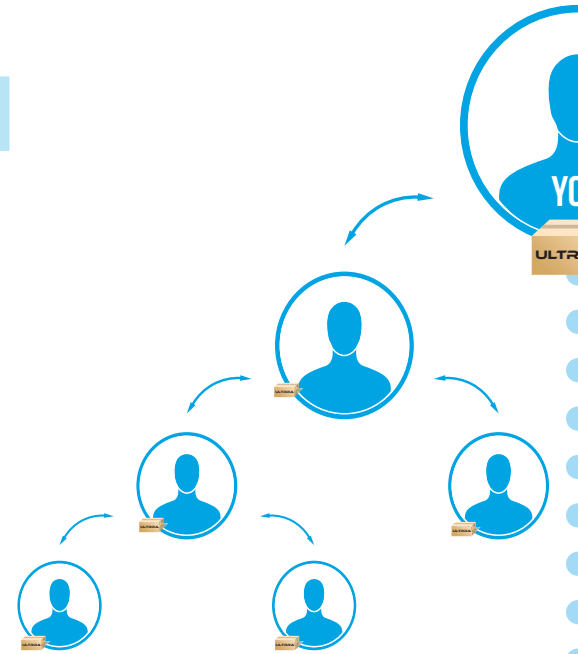

You are able to earn up to a maximum of \$25,000 USD\* per week in Bingo Bonus per business center.

**Note:** Bingo Bonus values can increase from 10% to 20%. This is determined by the rank achieved in the previous weekly pay period.

* RANKS	Bingo Bonus Value
* Promoter to Director	10%
* 1 Star to Executive	15%
* Royal Executive +	20%

\*These results are not typical and represent the maximum weekly income based on Bingo Bonus cap.

\*\*Please see the glossary under carry over for the carry over limits.

**LEFT TEAM**

4,000 BV

**EXAMPLE:**

In this example, you have 4,000 BV on your left team and 7,000 BV on your right team. The Bingo Bonus earned for this week in this example is:

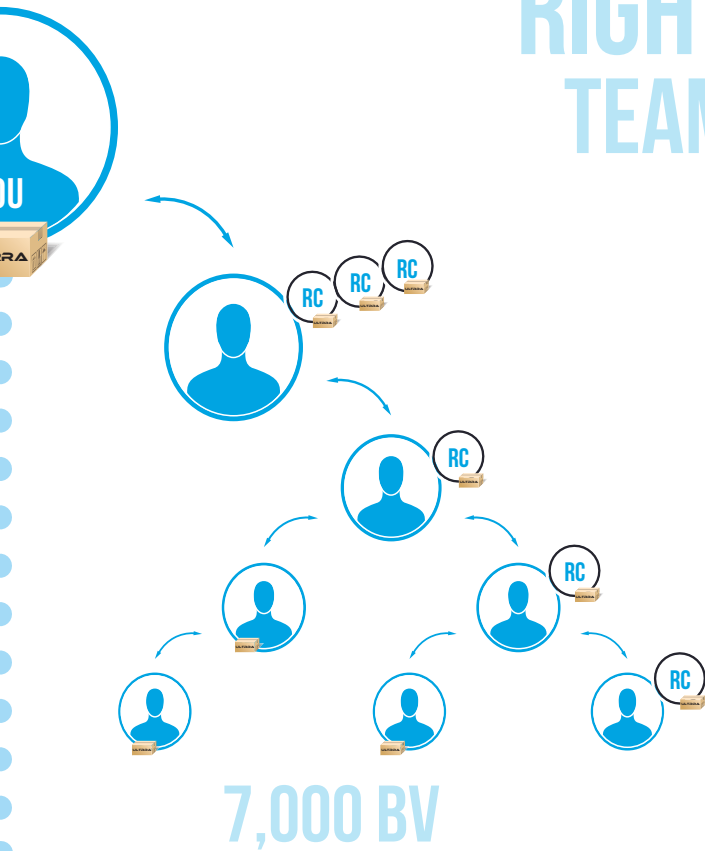

$$4000 \text{ BV} \times 10\% = \$400$$

The leftover volume on your right team of 3,000 BV will \*\*carry over to the next week, as long as you remain active with at least 50 QV.

If you do not remain active during a qualification period with at least 50 QV, the volume on both the left and right legs will be reset to zero.

# RIGHT TEAM

## BONUS FOCUS

Earn bonuses from the products purchased by customers and members in the team with the most new Bingo Volume (BV) for the current Pay Period, also referred to as the "Power Team".

## BONUS PAYOUT

Weekly

## HOW TO EARN

Activate your Power Team Bonus by sponsoring at least one distributor with 100 BV on your smaller team.

Each weekly Pay Period generate at least 100 BV on your smaller team, or have accumulate at least 200 Personal QV within the last 4 weekly pay periods in total.

For every 200 BV generated in your Power Team for the current weekly Pay Period, you will earn a Power Team Bonus of \$10 USD, calculated using 5% of every 200 BV in new volume for the current weekly Pay Period.

## EXAMPLE:

You have 4,000 BV on your left team and 7,000 BV on your right team. The 7,000 BV is new volume which was generated this pay period, therefore the Power Team for this Pay Period is your **RIGHT** team.

$$\frac{7,000 \text{ BV}}{200} = 35 \text{ POWER TEAM BONUSES} \times \$10 = \text{\$350} \text{ } \text{\$250}$$

Since the maximum Power Team Bonus that can be earned per week is \$250, you will earn \$250 in Power Team Bonus at the close of this Pay Period.

**Note:** Volume used to pay the Power Team Bonus is not deducted when Power Team Bonuses are paid. They remain and are used to calculate Bingo Bonuses, or Carryover\*\* until used.

**Tip:** When a new team member is enrolled, they will be placed into your team on your left or right side (refer to figure a). Some of the people who end up on your team may be enrolled by your Upline team, or your sponsor. This is called spillover, and allows you to benefit from other team member's efforts as you begin to build your business. In this regard, timing is everything, as the next person who enrolls below you could generate many customers which you would earn from.

\*\*Please see the glossary under carry over for the carry over limits.

**BONUS FOCUS**

Potential income from helping your personally sponsored team members develop their business.

**BONUS PAYOUT**

Weekly

**HOW TO EARN**

Once you go Platinum you immediately activate your 20% Match Bonus for life. You can earn Match Bonuses on the team overrides earned by your personally enrolled team. Every time they earn a Bingo Bonus, Ultra® will Match to you 20% of the bonus amount earned.

You can earn this bonus on up to five levels of your team in each line of sponsorship. Every person you personally enroll is a new line of sponsorship. See table below for details.

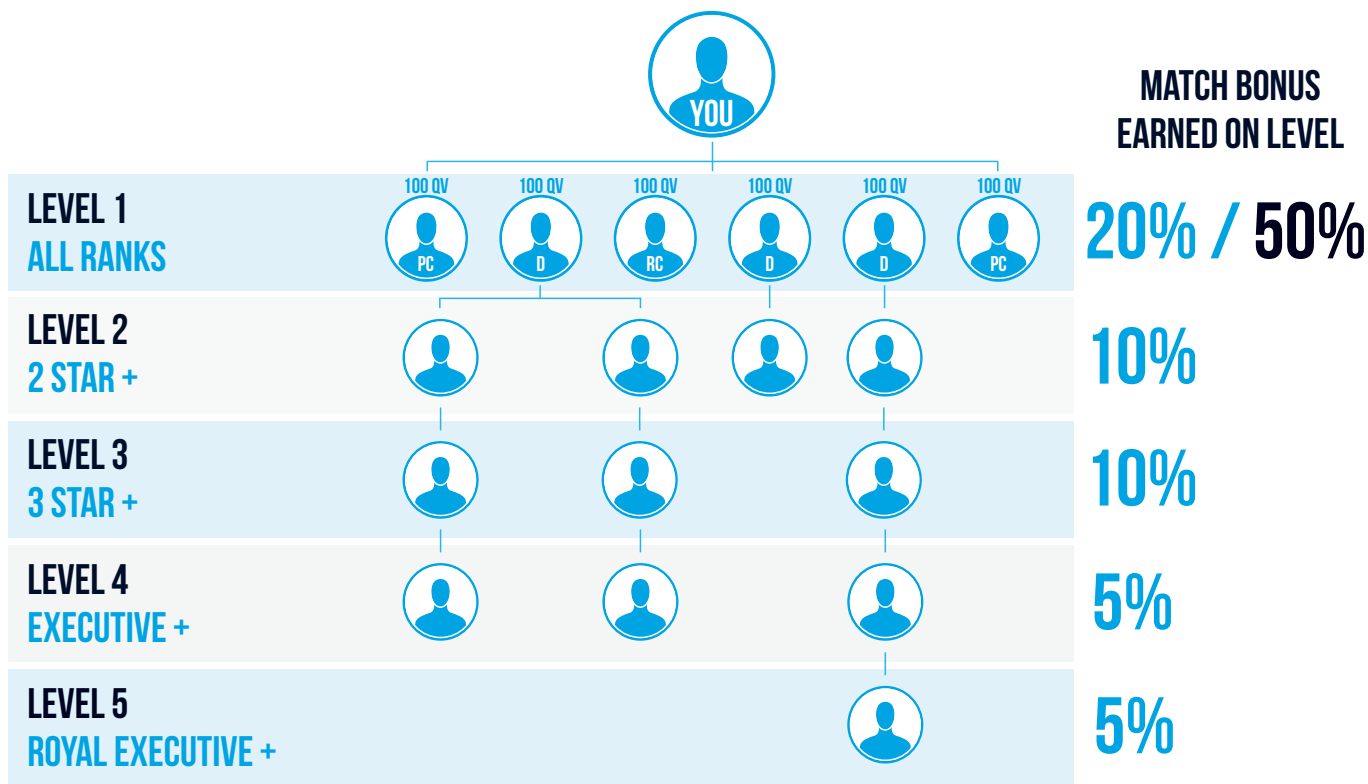

# - 50% FOR LIFE -

Upon enrolling, you have 28 days to unlock your Match Bonus increase to 50% for life. Sponsor six customers and/or Distributors with 100 QV each in your first 28 days, and your Match Bonus automatically increases from 20% to 50%, for life.

**EXAMPLE:**

You have sponsored one Retail Customer (RC), two Preferred Customers (PC), and three Distributors (D) within your first 28 days of enrollment. The people you personally sponsored are on your Level 1. This immediately allows you to earn 50% Match Bonus\* on all the Bingo Bonus earnings of your personally sponsored Distributors.

As you move up in rank, you also earn on additional generations of Distributors who are sponsored by your Level 1 enrollments.

**Note:** Match Bonuses are dynamically compressed, so if someone in your enrollment tree is not qualified to earn a Match Bonus, it pays up to the next person in line that is qualified and active.

\* Must be a Platinum or higher and active to earn any Match Bonus.

**EXAMPLE:**

Distributor A has 500 active distributors in their personally sponsored team.

Distributor B has 110 Active distributors in their personally sponsored team.

These 2 distributors are the only qualifiers for the Global Bonus.

In this example there are 610 total active distributors / shares.

Total Monthly QV was  $1,000,000 \times 3\% = \$30,000$  USD.

The share value =  $\$30,000 / 610 = \$49.18$ .

Distributor A gets paid  $500 \text{ shares} \times 49.18 = \$24,590$  USD.

Distributor B gets paid  $110 \text{ shares} \times 49.18 = \$5,409.80$  USD.

**BONUS FOCUS**

Earn shares from 3% of global QV from around the Ultra® world. Unlimited earning potential through Global sales and growth.

**BONUS PAYOUT**

**HOW TO EARN**

## MULTIPLE BUSINESS CENTERS

At the Qualified Status of Entrepreneur, you are immediately assigned two additional Business Centers (BC's), which are placed direct to your primary Business Center. This allows you to earn additional Bingo Bonuses from already existing teams.

In order to activate the new BC's, you would need to sponsor an additional distributor with 100 QV on the inside legs of each center.

**Note:** If the Left and Right first positions are already filled in your tree, then the two new Business Centers will be automatically inserted above those distributors, which will be placed on your outer right and outer left side of the new Business Centers.

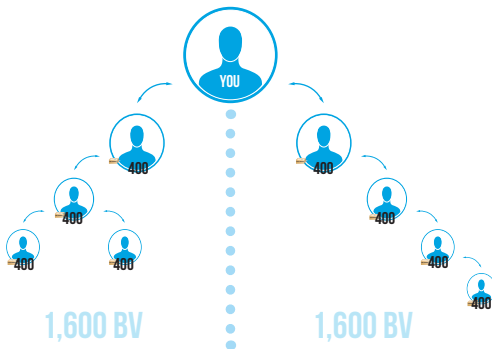

### 1 BC VS 3 BCs:

The additional BC's allow you to maximize your Bingo Bonus earnings by utilizing your already existing teams.

In addition, having Multiple Business Centers allows you to double your profits from your Bingo Bonus by spreading the work you do.

In this example, we will use the total of eight Entrepreneur (any combination of Preferred Customer and Distributor) enrollments. In figure one, using only one Business Center, you would place four of the enrollments on your left side and four on your right side.

Figure 1

### 1 BUSINESS CENTER EARNINGS:

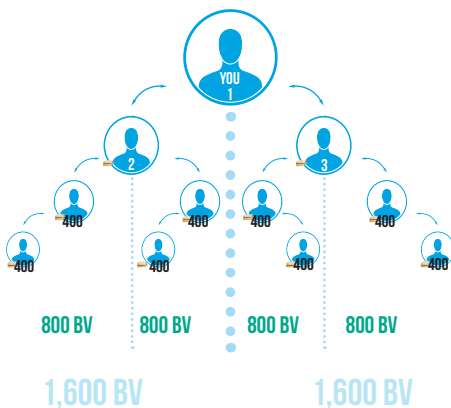

The 1 BC allows you to earn a total of 8 Bingo Bonuses, which is \$160 in overrides.

TOTAL LEFT BV = 1,600

TOTAL RIGHT BV = 1,600

1,600 BV X 10% = \$160 BINGO BONUS

Figure 2

### 3 BUSINESS CENTER EARNINGS:

In Figure 2, the same 8 enrollments across your Business Centers. Let's map out the Bingos earned in this setup:

BC #1 - HAS (1600 LEFT / 1600 RIGHT)

1600 X 10% = \$160

BC #2 - HAS (800 LEFT / 800 RIGHT)

800 X 10% = \$80

BC #3 - HAS (800 LEFT / 800 RIGHT)

800 X 10% = \$80

BC #1 = \$160

BC #2 = \$80

BC #3 = +\$80

\$320

TOTAL BINGO BONUS

The Multiple Business Center System is a powerful way to double your results with the same effort.
